EDUCATION

2021-2025

AMERICAN UNIVERSITY

- Software Engineering Student
- GPA: 2.89 / 4.0

SKILLS

- Web Design
- Front-End Development
- Teamwork
- Problem-Solving ability
- Fast Learner
- Effective Communication
- Critical Thinking
- Adaptability
- Network protocols knowledge
- Windows/Linux OS basics
- Network fundamentals
- Network Security

PROFILE

I am a motivated and detail-oriented student of the American University of Iraq, Sulaimani (AUIS), currently pursuing a degree in Software Engineering and taking multiple different courses on cybersecurity, IT operations, and networking. I bring strong problem-solving abilities, a dependable work ethic, and the ability to learn quickly and adapt, and I am comfortable taking on diverse and new challenges with focus and dedication. Through this internship, I hope to deepen my technical and organizational skills while contributing positively to the teams I join. I am especially excited about the opportunity to explore different roles in IT, Cybersecurity, human resources, and networking.

WORK EXPERIENCE

1- Networking Volunteer

Suli Forum - Sulaymaniyah

March 2025

- Assisted in configuring VLANs and setting up network infrastructure for event booths and operations.
- Collaborated with a team to ensure network stability and connectivity throughout the event.
- Gained hands-on experience with structured cabling and network setup.

2- Library Assistant (Volunteer)

American University of Iraq, Sulaimani (AUIS)

January 2025 - June 2025

- Helped register books and calculators and supported students in managing their accounts and other needs in the library.
- Assisted the library staff with cataloging and organizing resources.
- Volunteered in the yearly book fair in Sulaimani, supporting setup and guest coordination.

3- University Day - Project Showcases

Networking & Project Management Courses

- Participated in showcasing class projects related to networking and project management.
- Demonstrated networking setup and explained concepts to guests and prospective students.
